Greetings to all Dahlia Lovers

In presenting this new catalogue for 1931 we wish to thank our many friends and customers for their generous patronage during the past season. Also for the many kind letters telling of the joy of a Dahlia Patch.

We are releasing a few new creations for the coming season. Some of the foremost Dahlia critics of the East have seen them grow in our gardens and have pronounced them to be of the finest quality. We have grown these dahlias for four seasons and you will find them tried and true.

Our New Introductions for 1931

NO. 115

"TRAFFIC LIGHT" (D)

An appropriate name. It has the "STOP" color with a perfect stiff stem. This Flower made a big hit this season and the bush is a continuous mass of blooms.

Tubers \$10.00, Plants \$5.00

NO. 146

"FLAME" (H.C.)

This beautiful flower named for its color—FLAME—with white tips and white edges is something different from anything we have seen in the later creations. Extremely healthy Plant.

Tuber \$10.00, Plant \$5.00

NO. 170

"JOHN WHITE" (D)

As the name denotes—a "REAL WHITE". I have visited a number of Gardens the past season and I am satisfied that I have as good a white as there is in the market.

Tuber \$10.00, Plant \$5.00

NO. 171

"WALTER BLAKE" (D)

A splendid yellow with a perfect bush and a profusion of blooms. This yellow has exceptional keeping qualities and a fine firm stem. I cannot describe it adequately. My advice is—Try it for proof of my statement.

Tuber \$10.00, Plant \$5.00

NO. 172

"TERCENTENARY" (Dec.)

Mr. Ralph Ward, the originator of Lemonade, picked this flower in preference to No. 171. They are of the same color but of different formation.

Tuber \$10.00, Plant \$5.00

NO. 113

"CITY OF BEVERLY" (H.C.)

This is the most profuse bloomer that grows in my garden, the luscious color of "Edna Ferber". A great exhibition flower.

Tuber \$5.00, Plant \$2.50

NO. 80

"MRS. EDWARD MILLAR" (D)

Another yellow that I placed on the market last season and from which I have received wonderful endorsement.

Tuber \$10.00, Plant \$5.00

NO. 111

"DORIS POCK" (D)

A pleasing orchid with perfect stems.

A beautiful orchid with an abundance of blooms, making a desirable addition to any garden.

Tuber \$7.50, Plant \$3.75

"MARGARET M" (D)

One of the best pink Dahlias on the market.

Tuber \$5.00, Plant \$2.50

To be Released 1932

NO. 118

“SINBA” (D)

A real yellow with white tips (not a reverse petal tip). Come and see it grow.

NO. 128

“HESPERAS” (D)

A velvety red with white tips.

NO. 151

“MASCONOMA” (D)

A rich maroon with a peculiar formation of petals. A most fascinating flower.

Other Outstanding Varieties

“NEW JERSEY” (D) (Wolfrum)

In my estimation the best Dahlia ever produced by George Wolfrum of Berlin, N.J. I would like to have you see this flower in my garden. I will have it on sale for the season of 1932.

“FLORA DULCIS” (D) (Wolfrum)

It is hard to describe this “sweet flower”. It has everything that a good flower should have—the beautiful colors of “Ethel Wolfrum” (pink and white) but a different formation. You will make a great mistake if you do not grow one. Tuber \$10.00, Plant \$5.00
